POLITICAL AND MISCELLANEOUS.

Thanksgiving Proclamation.

The time-honored custom of our fathers, a year filled with peace and plenty, the absence of famine and fur-reaching pestilence and the unexcelled comfort and prosperity of our people, have all come to us through the mercy and goodness of an all-wise and over-ruling Providence. In recognition of these blessings and in harmony with the sentiments of a thankful people, I do hereby appoint Thursday, the twenty-ninth day of November, A. D. 1883, as a day of general thanksgiving and praise. Upon that day let us remember and be grateful by thought, word and deed that in our own Commonwealth of Michigan we are among the most favored of peoples, and may our gratitude find expression in praise to Almighty God. Let the happiness that may come in the preservation of health, the sunshine of prosperity, the reunion of friends, or through other channels, be increased to each of us by some generous deed to another more unfortunate than ourselves.

In witness whereof, I have hereunto set my hand and caused to be affixed hereto the great seal of the State this tenth day of November, A. D. one thousand eight hundred and eighty-eight.

By the Governor,
CYRUS G. LUCE,
Secretary of State.

How it hurts. The Bay City Press, of last Saturday, says: "While the republicans are parading and jubilitating to-night, let them think of the other hearts that ache—and how their own hearts felt four years ago."

The New York Mugwumps opposed Hill, and he was elected. They supported Cleveland, and he was defeated. Of all the wrecks of the political contest, theirs is the most complete.—State Republican.

The election of a republican majority in the House of Representatives is really of more importance than the election of a republican president.—With a republican majority in the House, the Carlises and the Mills and the rest of their kind are powerless for mischief in the future.—Blade.

The scheme of the democrats to prevent the election of a republican United States Senator from Delaware will not work. If the republicans have carried the Legislature, the time has gone past when they can be bulldozed or cheated out of the fruits of their victory. There will be a republican Congress and a republican Senate, and a republican Administration; and the republican Senate will seat the man fairly entitled to the seat, and reject the claimant who is not justly entitled to the seat, without fear and favor. "Counting in" is played out.—State Republican.

When the democrats offered Congressman S. O. Fisher, of Bay City, the nomination for governor, he is reported to have remarked, with a complacent smile, that he would be a fool to take it and run for something he might not get, when he could have a renomination for congress and a walk-over. When the republicans of the tenth district named F. W. Wheeler to run against him, Mr. Fisher is said to have received his first glimmering intimation of "possible defeat," and from letters written to friends in Washington at the time, it is believed that the republican presumption of pitting against him a man who lives in the same block with him, and is perhaps equally popular and nearly as rich, made Mr. Fisher's manly bosom swell with rage.—Detroit News.

The Delinquent.

The Delinquent for December has been received. It is at the head of the Fashion publications of the world, and has achieved this position with incessant thought, work and the outlay of much money. The field was already occupied when it came into existence, but there was room for it and the result has justified the undertaking, and to-day it has no rival and is the accepted authority in all matters relating to fashions, etc. No changes were made in the fashion department during the year, and the same able corps of designers and writers will continue to satisfy the eye of the public through 1889. Continued improvement has been made in the methods of producing, testing and simplifying patterns, and they are now issued as nearly perfect as it is possible to make them. The fancy work of this department has been materially increased by the illustration and description of special ornamentation that came into vogue. The articles on "Social life," "Tea Table Talks," "Through the House," and "Book Notes," etc., have always been bright, new and interesting and will be continued through the coming year. Every lady should subscribe early so as to procure the January number. Price \$1.00 per year. Subscriptions received at this office.

SUMMARY OF THE WEEKLY MAP- PINGS OF A WEEK.

Political, Commercial, and Industrial News from All Over the Land—Fires, Accidents, and Crimes—The Gist of the News in a Few Lines.

AN EARTHQUAKE IN CALIFORNIA.

A shock of considerable force felt throughout the State.

A shock of earthquake was sharp enough to cause many people in hotels and private houses to run out into the street with their arms outstretched. The direction was northwest to southeast and the duration ten seconds. Telegrams say the shock was felt through Central California. The University of California reports the shock to be the severest since 1871. In some places children were reported to have been rolled out of their cradles. The shock was followed by a rumbling sound which was distinctly audible.

LONDON SOCIALISTS ASSEMBLED.

Mrs. Parsons Makes a Speech Advocating the Use of Bombs.

The socialists of London held an immense meeting in Victoria Park to commemorate the Trafalgar Square and Chicago riots. Speeches were made from three platforms. Mrs. Parsons, of Chicago, advocated the use of bombs. Mr. Graham, member of Parliament, denounced capitalists and landlords, and said that until workers organized to take land, capital, and machinery for their own benefit they would continue to be slaves. The Trafalgar Square and Chicago scenes would be repeated.

THE YELLOW SCOURGE.

Seventeen New Cases and Two Deaths from the Plague.

The new cases of yellow fever at Jacksonville, Fla., on the 16th, were 12, and the deaths 1. Total number of cases to date, 4,013; total deaths, 393. Of the new cases four were white. The city proper is comparatively free from yellow fever. The suburbs develop most of the new cases. The fever has appeared in a virulent form in South Jacksonville, across St. Johns River. At Gainesville five new fever cases and one death occurred.

AN AGED LADY MURDERED.

Miss Melba White Found in Her Barn with Her Throat Cut.

A most shocking murder has been brought to light in that portion of North Brantree, Mass., known as "The Five Corners." The victim was Miss Melba White, aged 47, who had been running a large farm in that section, and who had lived with no other company than a hired man. Her body was found under the hay in the barn, her throat being cut. The house has been robbed. The hired man is missing, and is suspected.

Death of Rev. Charles J. Hendon.

The Rev. Charles J. Hendon, rector of St. Paul's Church and Grand Rector of the Grand Commandery of Knights Templar in New Hampshire, was found dead in his chamber at Lancaster, N. H. The cause was doubtless apoplexy. His family were all absent in Kansas. The funeral occurred under the direction of the Grand Commandery and North Star Commandery of Lancaster.

Whipped by Masked Men.

Fifty masked men mounted on horses covered with sheets, entered the village of Sardonia, Ohio. They went directly to the house of Adam Burks, took him out into the yard, and horsewhipped him. They then returned to the village and were seen to be laughing and shouting. The people were wild with excitement.

The Haytian Republic Consecrated.

The Haytian Republic at New York has received the following:

The Prize Court of Port-au-Prince, after trial, has condemned the American steamer Republic to confiscation for violating the blockade of the port of St. Marc and for actively participating in the capture of the blockade runner, the Republic. The sentence of the court, passed on the 15th of October last, was that the Republic be confiscated, and the crew and passengers be deported. The United States government is protesting against the sentence, and has asked the United States minister in Port-au-Prince to demand the release of the Republic and the return of the crew and passengers.

Killed by an Alleged Wife.

Harry W. King, a junior member of the large clothing house of Browning, King & Co., of Chicago, was shot and instantly killed in the rotunda of the Paxton Hotel, at Omaha, Neb., by a woman claiming to be his second wife. The murderer was formerly a Miss Lizzie Belcher, of Cleveland, Ohio. The immediate cause of the tragedy—King had discarded the Belcher woman and married a Miss Duffy, of Louisiana, Mo.

Denounced by a Priest.

At Dunmurry, Ireland, the other Sunday, the priest at each mass denounced the murderer of Lynch and urged the people to become detectives in order to capture the criminal.

Sparks from the Wires.

A Boston clerk who claims to be closely related to Joseph Chamberlain, the English statesman, has been arrested for theft.

W. J. Durent, a stockman in Indian Territory, was murdered. His friends suspected two men named Jeffries and Davis, with whom Durent had quarreled, and killed them.

Over a Million Dollars for Missions.

The General Missionary Committee of the Methodist Episcopal Church, of New York, resolved that \$1,000,000 be raised for distribution for foreign and home missions and \$100,000 be appropriated to meet outstanding drafts and indebtedness.

The Knicker-Knicker Chief to Hang.

William Walker, chief of the Christiana County Knicker-Knicker, has been sentenced by the Supreme Court of Missouri to be hanged Dec. 24. Walker and fifteen other Knicker-Knicker were indicted in 1887 for the murder of Charles Green and James Eden.

Anarchist Checks the Gallows.

Fritz Anshutz, a German, committed suicide in jail at Los Angeles, Cal., by taking strychnine. He was to have been executed for the murder of Mr. and Mrs. Hitchcock at Garden Grove in January last.

Trick to Blow up the Court House.
